

# STEFANIIA FROLOVA

Front-end development  
UI/UX designer

## PROFILE

My name is Stefaniia, I'm 16 years old. I'm a junior frontend developer and UI/UX designer. I write clean, structured code and build websites that work well on any device.

I'm easy to work with, communicate clearly in a team, and always make sure to finish tasks on time. Responsibility is very important to me — I take ownership of my work and strive to deliver quality results. I care about how things look and how they work — both matter to me.
